

YASH

FRONTEND / REACT DEVELOPER

Gurugram, Haryana | yashbhamania45@gmail.com | +91-8295669607 | [Portfolio](#) | [LinkedIn](#)

PROFESSIONAL SUMMARY

Frontend Developer with hands-on experience building responsive and user-friendly web applications using React.js, JavaScript, HTML5, CSS3, and modern UI libraries. Skilled in reusable React components, REST API integration, state management, responsive UI development, and translating Figma designs into clean interfaces. Also experienced with Node.js, Express.js, MongoDB, MySQL, authentication, and real-time application features.

TECHNICAL SKILLS

Languages — JavaScript, HTML5, CSS3, SQL

Frontend — React.js, SCSS, Tailwind CSS, Material UI, Bootstrap, DaisyUI, jQuery

Backend — Node.js, Express.js, REST APIs

Database — MongoDB, MySQL

State & Libraries — Zustand, Jotai, Axios, React Hook Form, Socket.IO

Tools & Services — Git, GitHub, VS Code, Figma, Cloudinary

PROFESSIONAL EXPERIENCE

React Developer — Software Development Experience

- Built responsive web interfaces and reusable components using React.js, JavaScript, HTML, CSS, SCSS, Material UI, Bootstrap, and Tailwind CSS.
- Integrated REST APIs using Axios and worked with application state, form handling, authentication, and responsive UI patterns.
- Translated Figma designs into clean, reusable frontend components with focus on usability, consistency, and cross-device responsiveness.
- Worked with Node.js, Express.js, MongoDB, and MySQL for full-stack application development.

Lofty Fly IT Service & Solutions — Web Developer / Frontend Development Intern

- Built responsive and interactive interfaces using HTML, CSS, JavaScript, and React.js.
- Worked with component-based architecture, state management, API integration, debugging, and UI/UX improvements.
- Collaborated with senior developers and followed practical frontend development and coding practices.

MinQuake Private Limited — React Developer

- Built a biometric registration system with live photo and fingerprint capture for secure identity verification.
- Collaborated with the backend team using Java and MySQL for data handling and system integration.
- Developed responsive React.js interfaces using SCSS for cross-device compatibility.

SELECTED PROJECTS

Chat-App — Full-Stack Real-Time Chat Application

- Built a full-stack real-time chat application using React.js, Node.js, Express.js, and MongoDB.
- Implemented real-time messaging with Socket.IO and client-side state management using Zustand.
- Integrated Axios for REST API communication and Cloudinary for profile/image storage.
- Implemented JWT-based authentication, protected routes, cookies, and a responsive UI using DaisyUI.

Vehicle Transportation Platform

- Developed a responsive vehicle transportation web application using HTML, CSS, and JavaScript.
- Implemented login/signup interfaces, form validation, service presentation, and a user-focused responsive UI.

YouTube Clone

- Built a responsive YouTube-style application using React.js and Material UI v5 with reusable functional components.
- Integrated video data through RapidAPI and implemented responsive layouts using media queries.

PG-Life

- Developed a PG accommodation web application using HTML, CSS, JavaScript, and MongoDB.
- Implemented login and signup functionality with database-backed user authentication.

EDUCATION

Bachelor of Engineering — Ch. Devi Lal State Institute of Engineering & Technology | Sirsa, Haryana

Intermediate — Government Boys Senior Secondary School | Rewari, Haryana
